👤 PROFILE

Dedicated and passionate Web Developer intern eager to gain real-life experience in the field and helping with design, developing, and testing websites.

🎓 EDUCATION

bachelor's degree in computer science, California Polytechnic State University, Pomona, Pomona
September 2018 — Present

Licenses & Certifications, LinkedIn Learning, Online
September 2018 — Present

Along with the university, I have completed the "Web Developer" 20-hours path on Linkedin learning with the certification available on my profile.

Taken multiple courses in subjects such as Object-Oriented Programming, Data Structures, Java programming, and more.

A full list of courses completed and certifications is also available on my LinkedIn Profile.

★ PROJECTS

My Personal Website, Mission Viejo
November 2020 — Present

- Currently improving this website daily with new ideas and software that I learn.
- developed with HTML, CSS, JavaScript, and react. Hosted on university servers.

Click here to view
